Re: Application of BellSouth Telecommunications, Inc. to Provide In-Region
InterLATA Services Pursuant to Section 271 of the Telecommunications Act of
1996
Docket No. 2001-209-C

Dear Mr. Terreni:

BellSouth Telecommunications, Inc., d/b/a AT&T South Carolina is filing a Proposed Data Notification Report for October 2008 data month. These changes will be discussed at the September 8, 2008 industry conference call.

Further, for the purpose of providing the dial-in information to Competitive Local Exchange Carriers that may not have received this information previously, we are including herein a copy of the established schedule for the industry calls to be conducted during the 2008 calendar year. This schedule reflects the dial-in information, scheduled industry calls, and deadlines for AT&T South Carolina's filing written notification of proposed data changes and for interested parties' filing comments with this Commission.

Thank you for your attention to this matter.

Sincerely,

Patrick W. Turner

PROPOSED OCTOBER 2008 DATA NOTIFICATION

BellSouth Telecommunications, Inc., d/b/a AT&T South Carolina ("AT&T South Carolina") is considering making the changes described in this document to generate results for the October 2008 data month. Results for the October 2008 data month will be posted as follows:

Preliminary results	November 20, 2008
Final results	November 28, 2008

AT&T South Carolina provides Data Notifications each month in compliance with the SQM Plan. This order specifies that when AT&T South Carolina proposes making any changes to the methods by which performance data is calculated, it must provide written notice. This notice must be provided on the first business day of the month before the data month in which the change will be made. AT&T South Carolina must also provide notification if it is considering making changes to the method of calculating data for the following month.

ENCORE Releases may affect monthly data flows from the source systems (e.g., LEO, LESOG, etc.) that PMAP uses to calculate measurements. AT&T South Carolina will make changes to PMAP to ensure that data continues to be correctly captured as ENCORE Releases are implemented.

System releases related to the merger between BellSouth and AT&T may affect monthly data flows from the source systems that PMAP uses to calculate measurements. AT&T South Carolina will make changes to PMAP to ensure that data continues to be correctly captured as system changes are implemented.

Ordering Measurements

(1) *Affected Measures:* O-9 (FOCT)

Description of Change: Currently, AT&T South Carolina has identified instances where LSRs are being classified as Partial Mechanized when these LSRs should be classified as Fully Mechanized. AT&T South Carolina proposes to modify the code in accordance with the business rules so that these LSRs are correctly classified as Fully Mechanized. (RQ9854)

Impact of Change:

For July 2008, the Florida metric for UNE 2W Analog Loop Partial Mechanized will change from 81.17% to 76.25%.

For July 2008, the Florida metric for UNE 2W Analog Loop Full Mechanized will have no impact to reported results.

Due to the impact of this change, AT&T South Carolina expects to re-post the July 2008 data month and is currently assessing other data months.

719626

2008 PMAP Notification Schedule

The monthly Industry Conference Calls are scheduled to begin at 2 p.m. Eastern Time on the days set forth below.
